Christa's Corner

Time is flying by, and we hope you're taking time to enjoy some of the fun happenings in our community! August is our busiest time of year, and we're thrilled to be in full swing with events that bring us all together.

Our biggest event of the year kicks off a night early this summer with the brand-new **Tool City Summer Night Cruise on Wednesday, July 31st!** Bring your antique or sports car and cruise the Diamond just like we locals used to. Enjoy delicious food from local food trucks, listen to Cool 101.7 from Diamond Park, or simply sit back and soak in the nostalgia—great cars, good music, and even better company.

This event kicks off **Thunder in the City on Friday, August 1st, and Saturday, August 2nd**—our community's premier celebration featuring an impressive car show, jeep show, live music, Meadville Master the Mic singing competition, food trucks, First Friday sidewalk sales, and so much more!

Next up, we'll hit the greens for our **Fall Golf Outing at Mt. Hope Golf Course on Wednesday, August 27th.** It's always a fun-filled day, and we're still seeking sponsors, teams, and auction or prize donations. This is a fantastic opportunity to get your company name and logo in front of nearly 200 attendees.

Not long after, our **Annual Wine, Brew & Spirits Walk returns on Saturday, September 13th.** Gather your friends or invite colleagues for a day of sampling regional wines, brews, and spirits downtown. Explore our shops, grab a meal, and visit our Historic Market House—Second Saturday being this same day ensures there's something for everyone in town!

Meanwhile, our **Leadership Meadville 16 class** begins its journey this month, discovering their leadership styles, engaging in group projects, and learning about all the incredible things Crawford County has to offer.

I was recently reminded of the importance of connection and perspective while meeting with fellow Chamber colleagues from across the state at a regional gathering in DuBois. We shared ideas on marketing, boards, and non-dues revenue, and I left grateful for the opportunity to learn from peers facing the same challenges, just on different scales.

It's a reminder that we all face stressors—big or small—and that kindness, presence, and a bit of fun go a long way. We spend much of our time at work with our colleagues; let's strive for balance and remember to enjoy the journey. I feel truly blessed to love my career and the incredible team I get to work with every day. Together, I am proud to say that we're doing meaningful things for our members and community.

We'd love to learn more about you, too. If you haven't yet attended a Chamber 101 session, please join us on Thursday, August 21st or schedule a one-on-one meeting. We want to help you maximize the benefits of your Chamber membership.

Thank you for your continued investment in your business and your Chamber. Take advantage of your benefits, explore sponsorship opportunities, attend free meetings, or join a committee. Whether you're deeply involved or supporting us from afar, please know we couldn't do what we do without you, and I hope to see you soon!

Crawford County K-12 Career Education Alliance

Program Updates by Amy Godwin

Fair season is upon us, which means that summer is winding down and a new school year is just around the corner. I'm excited to see what 2025-2026 has in store for us!

Crawford Gives is August 12th-15th - Support Student Success - Invest in Tomorrow's Leaders

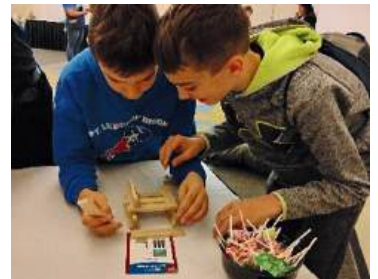

The Crawford County K-12 Career Education Alliance creates, funds and implements career exploration activities, career awareness events, to help students K through 12th grade make better informed decisions about their future, by identifying high priority occupations in our county, by working on hard and soft skills to become more employable, by identifying their interest and aptitude in careers, which will help our students better transition into the workplace whether they will attend college, technical schools or go directly into the workforce.

Your donation helps make it possible for students of Western Crawford County to participate in career readiness events such as: Career Awareness Fairs, Career Panels, Employee and HR panels, in class presentations on resume writing, interview skills, work ethic, job fairs, after school career awareness programs, mock interviews, career days for students on the autism spectrum, educator in the workplace, post-secondary pathways presentations, STEM Camp and Career Camp at the Crawford Tech.

Over 5,200 students were served for the 2024/2025 school year through the K-12 Career Education Alliance programs.

Mark your calendars for upcoming events:

- MFG Day at Bayfront Center, Erie, PA - October 8, 2025
- Educator in the Workplace, Location TBD - October 2025

Discover Leadership Meadville: Building Leaders for Our Community

The Leadership Meadville Program is designed to identify, educate, and empower emerging leaders in our region.

The MISSION of Leadership Meadville is to identify and develop current and future leaders through a comprehensive program designed to increase knowledge and awareness of the issues and challenges facing this community, while also providing knowledge of all that Crawford County has to offer.

Through a series of interactive sessions, participants gain a deeper understanding of Crawford County’s businesses, government, education, and nonprofit sectors while developing essential leadership skills.

Over the course of nine months, class members engage in hands-on experiences, behind-the-scenes tours, and conversations with local leaders. Each day begins with discussions surrounding leadership theory/styles, with the remainder of the day filled with "asset discovery" that focuses on a different industry sector each month, taking the class to various businesses throughout the region. They explore topics such as economic development, healthcare, manufacturing, and community service, all while building lasting professional relationships. The program prides itself in giving participants access to area businesses and their leaders that would normally be more difficult to obtain.

Leadership Meadville is more than a program—it’s an investment in our community’s future. Graduates leave with the tools and connections needed to make a meaningful impact where they live and work.

The success of the Leadership Meadville Program would not be possible without the dedication, passion, and generosity of those who support it.

First, a huge thank you to our Leadership Meadville Committee. Your commitment to planning engaging sessions, mentoring participants, and ensuring every detail runs smoothly makes this program truly exceptional. Your time, creativity, and leadership inspire both our class members and our entire community.

We are equally grateful to our generous sponsors, whose investment of resources ensures that this program continues to grow and thrive. Your support allows us to provide meaningful experiences, educational opportunities, and connections that help shape the next generation of community leaders.

Together, you make Leadership Meadville possible—and for that, we are deeply appreciative. Thank you for believing in the power of leadership and community!

We’re excited to announce that Leadership Meadville Class 16 kicks off this August 2025! We can’t wait to see the growth, collaboration, and impact this class will bring to Crawford County!

Me Again Boutique

DID YOU KNOW? Medicare Reimburses for Post-Mastectomy and Lymphedema Garments

Medicare is our federal health insurance program for individuals 65 and older. However, there are differences between “Traditional” Medicare which is represented by the “red, white, and blue” card and Medicare Advantage Plans such as United Healthcare or Aetna.

Traditional Medicare Part B covers outpatient services, including fittings for mastectomy bras (Qty 12 per year) and breast prostheses (one per side every two years). These products are covered when medically necessary and supported by a prescription and a face-to-face office visit note. Medicare covers 80% of the cost; a supplemental policy covers the remaining 20%.

Thanks to the Lymphedema Treatment Act, passed just last year, Medicare now reimburses for compression garments for women OR men diagnosed with Lymphedema. Ready wear or custom garments can be dispensed every 6 months.

Medicare Part C, or Medicare Advantage Plans, is offered through private insurers approved by Medicare. These plans replace the traditional Medicare benefits and often have different coverage rules. It’s best to speak with a licensed insurance broker to determine what plan fits your health and financial needs. Enrollment happens during specific periods each year and you can make changes.

Me Again Boutique is very excited TO NOW SCHEDULE women who have “traditional red/white/blue” Medicare in need of post-mastectomy and/or lymphedema garments. To expedite your service, please have your doctor fax a prescription and related office notes to 814-632-4247. Help us spread the word and share with a woman you love.

S.A.M.S. Dog Training Center

Dog Training classes are about so much more than just learning sit, stay, and come (although we'll cover those too!). They're a chance to build a strong, positive relationship with your dog through communication, trust, and teamwork. In class, you'll learn how to understand your dog's behavior and how to teach them in a way that's fun and motivating, using rewards and encouragement. That means your dog learns to want to listen, not just have to.

Group classes also provide a safe, structured space for socialization—your dog gets to practice staying focused around other dogs and people, which is a huge skill in the real world. Plus, it's a great way to troubleshoot any challenges with guidance and support from our professional trainers who want to see you succeed. Whether you're working on basic manners or building a foundation for more advanced skills, class gives you the tools, consistency, and confidence to make life with your dog easier, more peaceful, and way more fun.

SAMS also offers private sessions for owners who can't join a group class due to scheduling. Privates can be scheduled throughout the day or evening to match your busy schedule. Call us for information: 814-724-7391
